

## **ROBOTS AND ELECTRICAL COMMAND MACHINERY.**

### **ADDITIONAL COVERAGE**

It is understood and agreed that a valid service agreement that covers all electrical components of the insured items must be in place throughout the validity period of the Policy.

The aforementioned agreement must include:

- a) Safety checks.
- b) Preventive maintenance.
- c) Repair or adjustment of damage or faults resulting from the normal operation or ageing of the machinery, for example, repair or replacement of modules, sections, assemblies or electrical components.

### **MAINTENANCE WORK IS EXCLUDED.**
